This lock cannot be transferred to another borrower or property address. While List & Lock™ can help buyers significantly, it is not a guarantee to lend. If a buyer is interested in purchasing the listed home at the advertised rate, they must still qualify for the loan. The benefit is that they won't have to qualify for the loan based on the market rates; instead, they will be qualifying on the List & Lock™ rate. They will have several loan options to choose from through List & Lock™ -- Conventional, FHA, VA, and select adjustable-rate mortgages (ARMs). The same type of credit and discount can be applied to other loan programs, but rate adjustments could occur. Closing must occur within the 60 day rate lock period, or within the rate lock extension period in order for the seller receive a refund for the rate lock fee. If the lock is extended, the seller must pay a separate non-refundable lock fee for the extension. If you are concerned your closing could extend beyond the 60-day period, contact your loan officer to discuss extension possibilities.
